Management Comment

Rafi Amit, Camtek's CEO commented, "We have started 2022 with strong results and we are continuing to experience an impressive flow of orders. Despite the negative global geopolitical environment and the ongoing COVID-19 implications, specifically the lockdown in Shanghai area, the Company has received orders from China and from other territories of more than \$150 million since the beginning of the year. The orders were received from a broad range of customers and will be used for various applications such as Advanced Interconnect Packaging including DRAM, Front End and CIS.
